One of the unique things that I appreciate about Christian education, and especially RCS, is that our teachers care deeply about our students and take the opportunity to pray for and with them. There are many learning opportunities throughout the year beyond academics, and our students are blessed to have this environment to discover who they are with adults that love them.

Thank you for choosing RCS and for being purposeful about the adults that speak into the life of your child.

Julie Schmitke  
Junior High Principal

Students do not need to take the test offsite.
